Sire: Sunnyslodge Glacier-Red-ET EX-93

Dam: Elm-Park Intuit-Red-ET EX-93 3E GMD

Elm Park Farms was named the Premier Breeder at the World Dairy Expo Red & White International Show for the 13th year, and Premier Breeder for the 16th year at the Red & White International Show.

The unique aspect of this win was the 125,000 lb Class in which the first place cow, Elm-Park In-N-Out-Red, competed with her dam, the third place cow, Elm-Park Intuit-Red-ET.

This mother-daughter pair in their combined Lifetimes have produced just under 400,000 lbs milk!

This is the first time in the history of the show that a dam-daughter pair have competed against each other in this class.

Embryos and additional information
on numerous other elite cows are available.
